

Dinnerware from fallen leaves.

VOLO VERTERRA! (I WANT VERTERRA!)

Dear Store Manager,

I am a loyal customer of your store, and I am writing to request you carry the VerTerra Dinnerware line.

Borrowed from the earth, VerTerra Dinnerware is the pure, all-natural choice for party-ready dinnerware. Made from fallen leaves, steam, heat and pressure, VerTerra contains no chemicals, dyes or toxins. No trees or plants are cut down to create them. Each VerTerra piece is one-of-a-kind, bringing a distinct and stylish touch of nature to any table. It's also the most durable and versatile single-use product available--it can be used to reheat food in the microwave, bake in the oven, or cool in the fridge.

Sincerely,

NAME (PRINT)

Please notify me when VerTerra Dinnerware is available in your store:
